Nagios vs Icinga: the story of one of the most heated forks in free software. - newsvatore -	Apr 27

· If "story_title" is null, then use "title". If both are null, discard.
· Clicking on a row should open "story_url" or "url" on a new tab accordingly.
· The trash button should delete the entry on the database.

Normal Row: bg-color: #fff, border: 1px #ccc. Title/Time: font-color: #333, font-size: 13pt. Author: font-color: #999.

"story_title" or "title". - "author" -	"created_at"

Mouse over Row: bg-color: #fafafa

"story_title" or "title". - "author" -	"created_at"
